

**WE REALLY
KNOW OUR
STUFF.**

**VULCAN
INSPECTION
SERVICES**

MAKING BRITAIN A SAFER PLACE.

It's that simple. We're not looking to reinvent the wheel or slow you down, we just want to help make sure everyone gets home safe.

VULCAN
INSPECTION
SERVICES

We believe that there should never be a compromise with safety. In its simplest and most explicit form, industrial safety can be a matter of life or death. Vulcan Inspection Services will make Britain a safer place, for NFU Mutual customers and their people, whenever and wherever, right now and always.

SO, WHY CHOOSE US?

You can depend on us to deliver the best quality engineering inspections, on time, every time, you have our word. For over 150 years, our highly skilled engineer surveyors and engineering consultants have inspected, tested and reported on industrial machinery in order to keep UK industry, businesses and the public safe.

Vulcan Inspection Services is a valued part of the British Engineering Services Group. We're proud to have been working alongside NFU Mutual for more than 20 years, keeping people safe by providing the very best engineering inspection services.

Knowing we always do the best job we can with absolutely no compromise means everything to us. Whether it's our customers or our people, they come before everything else.

From your lifting equipment to your pressure systems and electrical circuits (and a whole lot in between) we know everything there is to know about the relevant legislation. We'll make sure you are compliant with a whole host of vital regulations. So you can be sure you are always fully protected.

LEAVE NOTHING TO CHANCE.

WE'RE INDEPENDENT; THIS IS EVERYTHING WE DO

Testing, inspections and certification is our core business so that's what gets 100% of our focus. Whether it's investing in our people or the very latest technology, we're dedicated to providing our customers with the very best service and we won't let anything distract us from that.

We can't stress enough how important it is to ensure you are fully compliant and protected. This isn't a box ticking exercise, in many cases if something goes wrong, lives could be at risk.

OUR ACCREDITATIONS SPEAK FOR THEMSELVES

We couldn't be prouder of our extensive suite of accreditations. We don't just tick the box, we've exceeded the minimum requirements and continue to lead the way when it comes to our certifications and qualifications:

- First business to receive UKAS accreditation to ISO/IEC 17020
- Founding member of SAFed.

To view our full list of accreditations, visit our website - you won't be disappointed.

**IF YOU
TAKE RISK
SERIOUSLY,
THERE IS
NO OTHER
OPTION.**

You can count on us. Simply put, everything we do has been tried and tested so that we always deliver the best service.

WE'RE FOCUSED ON MANAGING YOUR RISK

AN END TO END RISK MANAGEMENT PARTNER

With a team of more than 400 engineer surveyors and engineering consultants, we can give you expert support, every step of the way. We'll do whatever we can to keep you on track with our wide range of specialist services. No matter when you need us - we'll be right by your side.

- TESTING (DESTRUCTIVE AND NON DESTRUCTIVE)
- WELD CERTIFICATION TO EUROPEAN AND AMERICAN STANDARDS
- MATERIAL VERIFICATION
- PRODUCT DESIGN
- PRIOR TO PURCHASE
- DESIGN AND MANUFACTURE
- SELECT AND INSTALLATION
- FIT FOR PURPOSE SURVEYS
- END OF LIFE
- MACHINERY, ELECTRICAL AND PRESSURE INSPECTIONS

We'll partner you through every stage of your plant's life-cycle. And if it's one off project support you're looking for, our team of experts will work alongside you to make sure you get everything you need, and more.

OUR AWARD WINNING APPROACH TO PLANNING

We've developed an innovative and sophisticated approach to planning your work, no matter how complex it might be. Our central planning team work closely with both our engineers and our customers to provide an efficient solution that keeps your equipment safe and compliant at all times, while minimising disruption to your business.

WORKING AROUND YOUR BUSINESS NEEDS

We can schedule our examinations around your busiest periods, avoiding times that don't work for you - even working outside of the normal business day if that's your preference. And if you need a long-term view, we can do that too.

ONE CLICK INSPECTION BOOKINGS

For more straight forward, smaller scale requirements, our online booking portal means you can confirm your appointments at your convenience, with just the click of a button.

REAL TIME REPORTING

With our mobile reporting tool, our engineer surveyors can complete your report as they carry out your inspections. In most cases their findings are submitted before they've even left your site and can be viewed on eReport almost straight away.

WE'RE INNOVATIVE AND PIONEERING

FAST AND USEFUL INSPECTION REPORTS

It's important to us that you can see exactly what we see, and more. We make sure you have total control over the safety of your plant and equipment, no matter what it may be. Using our eReport platform, you can:

- View your engineering inspection reports as soon as they've been completed
- Track trends
- View results from previous reports
- See when your next inspections are due
- Make predictions about the life-cycle of your work equipment.

Our bespoke tool has been built around your needs, so you can keep track of your equipment whenever you want.

Not only will our comprehensive, real time inspection reports highlight any issues with your working equipment, but we'll pick up any potential concerns and present recommendations to you, too - keeping you and your people safe and prolonging the lifespan of your machinery and equipment.

MAKING THE MOVE

We take your needs seriously, right from the word go, managing your transition to Vulcan Inspection Services carefully and closely. We don't expect you to have all of the answers when it comes to your testing, inspection and certification needs, that's on us.

We'll be by your side, making sure we have everything we need to get you up and running, quickly and efficiently. Our dedicated account management team are experts when it comes to your machinery and equipment – we'll make sure your move to us is smooth and seamless, your risk is always managed and you're safe and compliant at all times.

IT'S A NO BRAINER

If you are looking for a business that's straightforward and does what we say we'll do, you've just found us. Get in touch today and we'll work with you to put a programme of activity in place that meets your needs.

We cover an extensive range of engineering services, access to the latest technological innovations, along with dedicated ongoing advice and support.
